A committed advocate for sustainable fashion, she became the first Savile Row tailor to achieve B Corp certification.</i> <i>Alongside her, Rebecca Rose brings To The Fairest, an independent British perfume brand behind award-winning Eau de Parfum, Satin Body Oils, and Scented Candles. The brand name is inspired by the words inscribed on a golden apple in classical mythology, a motif that celebrates woman as muse — a fitting complement to Knatchbull’s own celebration of craft and femininity. A Fragrance Foundation Award finalist for Best Independent Fragrance, Rebecca warmly invites guests with a love of perfume to meet and discover more about the scents.</i> <i>You can learn more about their work here: knatchbull.com and tothefairest.com</i>
